
PRINCESS 85 MOTOR YACHT

PRINCESS 85 MOTOR YACHT

Powerful, agile and gracefully elegant, the 85 Motor Yacht is ideally suited to long-range cruising.

A deep V hull and the use of draft-reducing propeller tunnels ensure superior seakeeping and handling with exceptional visibility from both helm positions.

Her layout provides wonderful flexibility for enjoying life on deck, with a secluded foredeck seating area, large cockpit and spacious flybridge that can be fitted with an optional hardtop as required.

The interior is beautifully styled with the finest fabrics and finishes throughout and includes an expansive main deck with dedicated access for crew to all key areas without the need to disturb the guest areas.

Below decks, there are four en-suite staterooms which owners can specify with either a two or three double cabin arrangements.

Located aft of the machinery space there are substantial crew quarters comprising of a captain's double cabin, a twin cabin and a mess area.

Owner's Stateroom • Forward Stateroom • Owner's Stateroom Breakfast Area • Owner's Stateroom Bathroom

Profile with Optional Hardtop

Flybridge Layout with Optional Spa Bath

Upper Accommodation Layout with Optional Cockpit Bar

Lower Accommodation Layout
